

B.O.T.A. Update OF COVID-19 Closure Policy

Dear members and friends,

The moratorium on all B.O.T.A. group meetings will continue at least through the end of May 2020. There is a possibility that some places may reopen in June, however, this has not been determined yet, and will depend on the progress of the pandemic and on official advisories in the local areas. We anticipate the possibility of the Temple in Los Angeles resuming Sunday Service by the beginning of July, though this will be confirmed at a later date, and we will send out an email to those of you on our email list.

Some area groups are beginning to offer virtual meetings online for Study Group and group meditations. To learn more about the offerings in your region, you may contact your Regional Coordinator by looking under the "Regional Activities" tab at <https://www.bota.org> or under the "Groups" tab at <https://botaineurope.org>

The number one priority of B.O.T.A. is to get the lessons to our membership. Although the headquarters in Los Angeles is operating with reduced staff and operating hours, our valiant staff works hard to meet the needs of the membership, and they greatly appreciate your patience and understanding during this difficult time.

As the pandemic situation changes, updates will be posted on our websites and by email. The welfare of our B.O.T.A. community remains of utmost concern, and we intend to reopen group work as safely as possible.

Thank you for your patience and support.

Fraternally in L.V.X.

The Stewards of B.O.T.A.
